

A School Partnership In Rural England

Motto : ‘ **We Aspire to Inspire** ’

Our Values – using the initials of the names of the schools.

K – Kindness

U – Understanding

P – Patience

H – Honesty

L – Love

B – Boldness

Outdoor Learning and Educational Visits Policy

Document History

KCC document reviewed and approved for ASPIRE-wide use by EHT March 2022. Noted at Fed GB 22 March 2022

Document reviewed and re-approved by EHT March 2024. Noted at Fed GB 19 March 2024.

The term ‘school’ refers to the schools in the ASPIRE Federation: Kingswood Primary, Ulcombe CE Primary, Platts Heath Primary and Leeds and Broomfield CE Primary. The term may refer to them jointly or individually.

Bi-Annual Review.

At our two Church of England schools this policy will be delivered through strong links made to our Christian values:

Leeds & Broomfield Church of England Primary School

At Leeds & Broomfield we build strong foundations for all; to learn, flourish and fill their hearts with God's love. Everyone is important, valued and needed to make L&B grow. We give a quality all round nurturing education which develops the whole child; If the rain came we would not fall.

"As many hands build a house, so many hearts make a school."
(Matthew Ch 7 24-27)

RESPECT RESILIENCE EMPATHY CURIOSITY HONESTY

Our school Christian Values support the development of the children and all within the school and local community, giving the children and staff a positive outward looking view. The pupils and staff support and help each other and the local community enabling all to flourish.

We have explored the story of Matthew (Ch 7 24-27) showing curiosity, and the children felt empathy for the builder of the house on the sand, but said they must be resilient to try again. Jesus was honest with his followers and people followed and trusted him. The story continues showing how Jesus respected all and everyone who wanted to listen and learn could – no one was turned away. This high level of inclusion and respect is what makes Leeds and Broomfield a great school community to be part of 'many hearts make a school'.

Ulcombe Church of England Primary School

Ulcombe Church of England School is a nurturing, inclusive learning space, where our uniqueness inspires trust and welcomes diversity. Our children all flourish (for however long they are with us), in an environment where learning through making choices (good or bad) is not only embraced but discussed and, when needed, forgiven. This allows our learners to become positive role models in *their* wider communities. The whole school community works together in unity to ensure that our practice fully reflects the passage of Corinthians 12:12-14. The children and adults feel included and appreciated as one body with diverse cultures learning, working and flourishing together to accept everyone and nurture their aspirations for the future.

"One body, many members, learning together surrounded by God's inclusive love."
(Corinthians 12:12-14)

TRUST RESPECT HOPE ENDURANCE

Introduction

This document provides maintained schools with the guidance needed to put in place a Policy Statement for Outdoor Learning and Educational Visits. It contains a model policy for Governing Bodies to consider, amend and adopt as necessary. The value of outdoor learning and educational visits are widely recognised as an important tool for supporting the education and development of children and young people, providing direct curriculum-linked activities to improve learning, skills, understanding and activity opportunities to enhance PE and extra-curricular activities. They also provide a wide range of personal development opportunities to support the development of real-life skills.

“Learning outside the classroom contributed significantly to raising standards and improving pupils’ personal, social and emotional development.”

Ofsted – Learning Outside of the Classroom report <http://www.lotc.org.uk/wp-content/uploads/2010/12/Ofsted-Report-Oct-2008.pdf>

KCC strongly believes in the benefits of well planned, high quality outdoor learning and educational visits and encourages schools to provide opportunities for all pupils to experience visits and outdoor activities using a range of environments, geographical, cultural and historical sites and activities to support their curriculum.

Scheme of Delegation for the Management of Educational Visits and Outdoor Learning Activities

KCC delegates the responsibility for the safe planning and management of outdoor learning and educational visits, including residential and adventurous / more hazardous activities, to the Governing Bodies of maintained schools and Management Committees of Pupil Referral Units.

From 1 September 2017 all maintained schools and establishments will be responsible for approving their own educational visits and activities, including residential and adventurous activities. Schools and establishments must ensure that they have clear and robust systems, policies and procedures in place for the planning, safe management and monitoring of educational visits and activities.

KCC provides all schools with a **Kent Framework for Safe Practice on Educational Visits and Outdoor Learning Activities** to support and guide schools in the safe planning and management of outdoor learning activities and educational visits. The **Kent Framework for Safe Practice on Educational Visits and Outdoor Learning Activities** can be found here: <http://www.kelsi.org.uk/Curriculum/outdoor-education>

KCC also provides maintained schools with a model policy to consider adapt and adopt. The model is included in this document.

Access to Advice, Guidance, Training and Support

Schools and establishments must ensure that their staff members have access to appropriate advice, guidance and training to support their role in planning and managing visits and activities.

KCC enables schools to access appropriate advice and guidance by purchasing service and support packages from the Outdoor Education Advisory Service. Those that do will have direct access to professional outdoor learning and educational visits support, guidance and technical advice.

Maintained schools not purchasing an Outdoor Education Advisory Service support package will need to make their own arrangements for access to professional technical advice and guidance to support their staff.

Training for all schools and establishments is available from the Outdoor Education Advisory Service, including INSET and bespoke training, across a wide range of outdoor learning and educational visit areas - from visit management to practical outdoor learning skills and leadership qualifications.

Contact the **Outdoor Education Advisory Service** for further information on service packages, support and training – outdoor.education@kent.gov.uk or 03000 410 901.

Health and Safety Responsibilities

The scheme of delegation for Outdoor Learning and Educational Visits transfers the day to day responsibility for the safe management of outdoor learning activities and educational visits to the Governing Bodies of maintained schools and the Management Committees of Pupil Referral Units.

KCC retains its legal health and safety responsibilities under the Health and Safety at Work Act as the ultimate employer of staff in Community and Voluntary-Controlled schools and Pupil Referral Units. Through the scheme of delegation the Governing Bodies/Management Committees act as the employer in the first instance.

For Foundation and Voluntary-Aided schools, the employer is the Governing Body, and they retain their responsibility for ensuring the safe planning and management of Outdoor Learning and Educational Visits.

The change in delegation of the management of the health and safety of school educational visits brings this area in line with KCC's general approach to the management of health and safety in schools.

This Guidance Note and Model Policy Statement for Educational Visits and Outdoor Learning forms an extension to the main **KCC Health and Safety Policy for Schools**. The policy can be found here - http://www.kelsi.org.uk/_data/assets/word_doc/0010/41779/health-and-safety-policy-for-school.docx

The principals of the KCC Health and Safety Policy for Schools apply to the safe practice and management of educational visits and outdoor learning activities, and this policy statement should be managed and implemented in conjunction with it.

All maintained schools and establishments are required to adopt a policy statement on Outdoor Learning and Educational Visits.

Schools and establishments can meet the policy statement requirements **either** –

- through the purchase of an Outdoor Education Advisory Service SLA (Package A or B)
- **or** through their own school or establishment's own internal policy and procedures.

Monitoring

KCC will monitor, on an annual basis, compliance with the scheme of delegation and adherence to the Kent Framework for Safe Practice on Educational Visits and Outdoor Learning Activities.

For schools purchasing a service and support package (A or B) from the Outdoor Education Advisory Service, visits and activity compliance will be monitored through the EVOLVE online educational visits system and advisory support included with the SLA. **These schools are not required to submit annual audit information.**

Maintained schools not purchasing a service and support package (A or B) from the Outdoor Education Advisory Service **will be required to submit a yearly Outdoor Learning and Educational Visits Audit.**

Individual visit / activity planning and management may also be 'sample' monitored or directly inspected as required.

Kent County Council
Children, Young People and Education

OUTDOOR LEARNING AND EDUCATIONAL VISITS
POLICY STATEMENT of

ASPIRE Federation Schools

Statement of Intent:

The Headteacher and Governors are committed to establishing and implementing arrangements that will ensure:

- Visits and activities are planned to ensure the safety of pupils, staff and volunteer helpers - including appropriate risk management and assessment that is specific to the needs of the group, the planned activity and the location and environment. This includes any significant risk assessment information being communicated with those attending the visit as appropriate.
- The management of overall visit and activity planning, risk assessment and the visit approval process is carried out by a competent staff member with appropriate experience and training; an **Educational Visits Coordinator (EVC)** will be nominated in each school or establishment to carry out this role and they will attend an EVC training course, and an EVC update course every 3 years. This role can be retained by the Headteacher / Manager or delegated to an appropriate staff member.
- The Governing Body has designated a Governor with direct responsible for oversight and monitoring of Outdoor Learning and Educational Visits; this could be incorporated into existing Governor's Health and Safety responsibilities, or form a new role.
- Visits and activities are planned with clear educational aims and objectives, based on pupils' needs and abilities, to support high quality learning outcomes.
- Visits and activities are planned and led by competent members of school or establishment staff, with appropriate qualifications and experience as required by the activities.
- Appropriate technical expertise is sought in relation to the planning and management of more hazardous or adventurous activities, including the verification of activity leader qualifications, safe activity management, appropriate ratios, etc.
- External providers used to provide services and support, have been appropriately checked to ensure they are suitable for use on educational visits e.g. meeting nationally accepted standards and legal adventurous activity requirements (e.g. Adventurous Activities Licence),

have appropriate financial protections in place (e.g. ATOL), etc as appropriate; and hold an appropriate level of Public Liability Insurance for the activities or services provided.

- Appropriate emergency and serious incident procedures are in place to manage accidents, incidents and safeguarding issues, and visit information can be easily accessed by all those who need it in an emergency situation (this may be overnight, at weekend or during holiday periods). All staff and volunteers involved with visits receive appropriate training and briefings on dealing with emergencies.
- Information and documents relating to educational visits are appropriately stored and retained, in line with data protection and document retention requirements, to support incident management and potential investigations / court proceedings after serious incidents and accidents.
- All school and establishment staff are appropriately trained for their roles in leading and accompanying educational visits and activities.
- All visits and activities have been formally approved by the Headteacher or Educational Visits Coordinator (EVC) on their behalf. Approval systems should be clearly evidenced, and involve school Governors as appropriate.
- Informed activity and medical consent has been obtained from parents / guardians as appropriate for the type of visit or activity, and that parents / guardians are given enough information to be 'fully informed' about all educational visit activity plans if specific written consent has not been gained.
- Full medical information and details of other issues such as behaviour, special needs, dietary requirements, etc have been obtained from parents and are available to visit leaders and accompanying school or establishment staff. These should be shared with provider staff where appropriate.
- Appropriate monitoring and evaluation of visits and activities takes place, to ensure quality and safety.
